**RESOLUTION: 168-19/20** 

**MOVED Cr McGuinness SECONDED Cr Hippisley** 

That Council receive the Monthly Financial Statements for the period ending 31st May 2020.

CARRIED 8/0

#### **IN BRIEF**

- Monthly Financial Statements for the period ending 31st May 2020 attached.
- Monthly Financial Statements have been updated based on the Moore Stephens Monthly Statements Model.
- The Monthly Financial Statements report include the Fund Balances Report and the Variance Report.

# **MATTER FOR CONSIDERATION**

To receive the monthly Financial Report and Statements

#### **BACKGROUND**

Council resolved in October 2000 (Minute Number 071-00/01) to receive Financial Statements in the required statutory format. Requests for new Monthly Financial Statements started a search for a new template. The current template is based on the Moore Stephens Monthly Budget Template.

#### STATUTORY ENVIRONMENT

Amendments to the regulations, gazetted on the 31st March 2005 and effective from the 1st July 2005, have repealed the existing regulations (34 and 35) relating to monthly and quarterly / triannual financial reports.

They have been substituted in accordance with a new Regulation 34. This new regulation only requires Local Governments to report on a monthly basis, although it is much more prescriptive as to what is required and its intention is to establish a minimum standard across the industry.

The new regulations require Local Government to prepare each month a statement of financial activity as per attachment. This statement is intended to report on the sources and application of funds highlighting variances to budget for the month in question.

#### **POLICY IMPLICATIONS**

Nil

#### **FINANCIAL IMPLICATIONS**

The Model Monthly Financial Statements cost \$430 (2018/19) and will be an ongoing annual expense if the latest model is needed. Staff time is used to update and customise the template for Council preferences.

Health - Risk Matrix Rating considered Low.

Reputation - Risk Matrix Rating considered Low.

Operation - Risk Matrix Rating considered Low - Level verified through Council Financial Audits.

Natural Environment - Risk Matrix Rating considered Low.

#### **COMMENT**

The Monthly Financial Statements have been updated based on the Moore Stephens Monthly Reporting Template. They now also include the Fund Balances Report and the Variation Report which were previously separate items.

The Model Template has been updated to include profit and loss statements for the Childcare Centre and Caravan Park. The Statements can continue to be updated and customised to include relevant information for Council and Staff and to work with improved Management Accounting practices.

#### **OFFICER RECOMMENDATION**

**RESOLUTION: 173-19/20** 

# **MOVED Cr Hippisley**

Subject to Council consideration, that Council: -

- 1. Register its interest in the campaign 1 MAN & A BIKE Television Series Proposal from Visage Productions with Roe Tourism Association; and
- 2. Make an Operational Budget provision of \$8,000 for the 2020/2021 Financial Year for the Promotion.

#### MOTION LAPSE DUE TO THE LACK OF A SECONDER

# **Council Discussion**

The Meeting was advised that the Television Proposal was offered to Member Councils of Roe Tourism Association for each Council's consideration and that it was not a Roe Tourism Association initiative.

The Chief Executive Officer provided details of the Councils that had indicated their Interest in participating in the Television Program.

Discussion ensued on whether the Proposal represented value for money compared to the Quairading Promotion already ordered with GWN7 and REDTV which was being funded from the 2019/2020 Tourism Budget.

The Meeting was advised that the Tourism Steering Group had identified items from the Tourism Strategy Action Plan and these would be submitted to Council's Budget Workshop No.2.

# **ALTERNATIVE COUNCIL RECOMMENDATION**

**RESOLUTION: 174-19/20** 

## **MOVED Cr Smith SECONDED Cr Jo Haythornthwaite**

That the 1 MAN & A BIKE Television Series Proposal be referred to the July 2020 Budget Workshop to be considered with other Tourism Strategy Budget items.

CARRIED 5/3

#### **IN BRIEF**

- The five-episode series will be broadcast throughout Western Australia on the Seven Network, the State's highest rating free-to-air channel, on a weekend afternoon later in 2020, both metro and regionally.
- Filming for the series to commence once the episodes are fully subscribed (plan is to commence in the second half of 2020 with filming in destinations appropriate to seasonal weather conditions and attractions, for example during the wildflower season).
- Each episode will be allocated to a particular region or road-trips, with multiple-LGA collaborations coming together to form an episode.
- Each half-hour episode ends up being 20-21 minutes after commercials, being four, five-minute segments, which can be broken up in various ways.
- A new designated Facebook page has just been developed <a href="https://www.facebook.com/onemanandabike/">https://www.facebook.com/onemanandabike/</a> and will be profiled and promoted extensively before, during and after the series, with regular updates on location, inclusive of linked sites and hashtag branding.

## **MATTER FOR CONSIDERATION**

That Council consider the 1 MAN & A BIKE Television Series Proposal being considered by the Roe Tourism Association Member Councils.

#### **BACKGROUND**

Visage Productions contacted Roe Tourism in February regarding the 1 MAN & A BIKE Television Series Proposal. The series will be hosted by popular WA radio personality Ian 'Blackers' Blackley, who will take us on a road-trip through the best of Western Australia, telling some awesome stories along the journey.

In this series, Visage Productions would like to introduce a more personal element to the concept, bringing locals in each area into the story and get them to talk about why their town is such a good place to visit. Each episode would be built via a collaboration of LG's coming together to bring each episode to fruition.

In the initial series, Visage Productions would like to include episodes from the Midwest, Wheatbelt, Goldfields, Southwest, Avon Valley, and the Great Southern, plus we are open to including other regions if they can raise the interest.

Participation in the series will involve an outlay in the 2020/2021 Financial year, working to a total episode budget of approximately \$35,000 - \$40,000, ex GST. This would be a joint collaboration between the Shires of Corrigin, Kondinin, Kulin, Narembeen -who have expressed their interest in the Project and possibly Quairading and Bruce Rock. A maximum of five Shires is the recommended participation per episode, otherwise each individual Shire will only receive minimal exposure.

If there are five LG's involved, each LG would receive a four-minute story as part of the 21:30 minute episode (half hour with commercials).

From a production point of view, this would involve a five-day shoot, in the Spring-time, early Summer to get the best out of the countryside colours and landscapes. Visage Productions would spend a day in each location to film each four (4) minute story. The series to be filmed in high definition with multiple use of drone technology (within CASA approved areas).

The VISAGE team would work closely with each partner in developing the story outline, concept and script, with full editorial control given to each partner, inclusive of final approval prior to broadcast.

#### STATUTORY ENVIRONMENT

#### **Local Government Act 1995**

- 6.8. Expenditure from municipal fund not included in annual budget
- (1) A local government is not to incur expenditure from its municipal fund for an additional purpose except where the expenditure
  - (a) is incurred in a financial year before the adoption of the annual budget by the local government; or
  - (b) is authorised in advance by resolution\*; or
  - (c) is authorised in advance by the mayor or president in an emergency.
  - \* Absolute majority required.
- (1a) In subsection (1) –

additional purpose means a purpose for which no expenditure estimate is included in the local government's annual budget.

- (2) Where expenditure has been incurred by a local government
  - (a) pursuant to subsection (1)(a), it is to be included in the annual budget for that financial year; and
  - (b) pursuant to subsection (1)(c), it is to be reported to the next ordinary meeting of the council.

#### **POLICY IMPLICATIONS**

Nil - No Policy in place

#### FINANCIAL IMPLICATIONS

Provision for this Promotion would need to be included in the Adopted Operational Budget for the 2020/2021 Financial year. Depending upon the number of Councils participating and the final production Costs it is estimated that the Cost per Council will be \$8000. This is in addition the proposed Annual Subscription of \$6000 per Member Council.

#### **COMMUNITY CONSULTATION**

No Community Consultation undertaken however Council's Roe Tourism Delegates have received this information from the Executive Officer of Roe Tourism Association.

# RISK ASSESSMENT – Risk Management Policy and Risk Management Governance Framework Applicable.

Financial - Risk Matrix Rating is assessed as Low. If Council were to support participation in the Promotion, the amount of \$8000 will need to be included in Council's Operational Budget for the upcoming Financial year.

Health - Risk Matrix Rating is assessed as Low.

Reputation – Risk Matrix Rating is assessed as Low. Council has already committed to a "Stand alone" Tourist Promotion through GWN7 and RED TV.

Operation – Risk Matrix Rating is assessed as Low. Minimal if any impact on Council's Operations and Structure. Production Company plan to be in each Participating Town for a day of filming to achieve the

4-5 minute Segment. Volunteer Community members and Tourism Steering Group members will be required to assist the production Team.

Natural Environment - Risk Matrix Rating is assessed as Low.

#### COMMENT

The series is to be produced by VISAGE Productions <u>www.visageproductions.com.au</u> - a Perth based production company which has been in operation for over 25 years.

Example <a href="https://vimeo.com/191148327">https://vimeo.com/191148327</a> an episode from series four (series five was produced in 2019).

The five-episode series will be broadcast throughout Western Australia on the Seven Network, the State's highest rating free-to-air channel, on a weekend afternoon later in 2020, both metro and regionally. After broadcast the episodes will be added to the Seven Network on-line catch-up service.

There are multiple benefits for the partners Visage Production bring on board:

- Western Australia broadcast coverage.
- The series will also be available via catch-up on 7plus
- All participating partners will have total control of editorial content and will have final approval on each episode prior to broadcast.
- Pre-broadcast exposure via social media platforms and on-location hashtag relevant links.
- On-location social media coverage during filming.
- Opportunities to cross-promote with other marketing mediums in designated regions, being both newspaper and radio. We can supply previous examples of this, if required.
- On-camera promos to be filmed on location that can be utilised pre-broadcast via social media platforms.
- Every episode to be made available via our Facebook page, once aired on the commercial network. This has resulted in thousands of additional shares and plays, inclusive of international reach.
- Unlimited access to the final edited story and full episode, which can be forwarded in various sizes and formats, across multiple mediums.
- Capability to cut-down packages for other marketing purposes.
- Access to the filmed high definition raw video files, inclusive of drone footage, which can be further
  promoted through other promotional mediums such as television commercials, websites and social
  media (conditions apply).
- Can also film any additional required footage whilst on-location if time permits.

# **OFFICER RECOMMENDATION**

**RESOLUTION: 175-19/20** 

# **MOVED Cr Hippisley SECONDED Cr Jo Haythornthwaite**

#### That;

- 1. The Shire of Quairading being an affected local government within the meaning of Schedule 2.1 of the Local Government Act 1995, resolves to submit, jointly with the Shire of Cunderdin, a proposal to the Local Government Advisory Board, pursuant to clause 2(1)(c) of Schedule 2.1 of the Act, which would vary the boundary of the district of the Shire of Quairading to be South of Lot 801 and West of Lot 800 (Thompson Road) in accordance with the plan included in this report illustrating the proposed change.
- 2. The Chief Executive Officer be authorised to prepare and submit a joint proposal with the Shire of Cunderdin to the Local Government Advisory Board as detailed above.

**CARRIED BY ABSOLUTE MAJORITY 8/0** 

## **IN BRIEF**

- The landholder on the corner of Goldfields Road and Thompson / Thomson Road successfully applied to the WA Planning Commission for the re-alignment of the property boundaries which has resulted in the current Shire Boundary traversing the newly created Lot 802.
- The Titles of the three (3) newly created Lots have been created.
- The Subdivision would result in the issuing of separate Rate Notices from both Shires for their respective portions of the newly aligned Lots.
- Discussions have been held with the CEO of the Shire of Cunderdin on the preparation of a joint proposal to the Local Government Advisory Board.
- Nett result is that Council would receive an estimated 33 Hectares of ex Lots 7233 and 7234 from the Cunderdin Shire and Council would grant over an estimated 33 Hectares of the Eastern portion of Lot 2 (now in Lot 800) located east of Thompson Road.
- Recommended for ease of administration and clarity for the future that the Shire Boundary be modified to reflect the new boundaries of Lots 800, 801 and 802.

#### **MATTER FOR CONSIDERATION**

Minor Amendment to the Common Boundary with the Shire of Cunderdin.

#### **BACKGROUND**

The Landholder owns property both in the Shires of Cunderdin and Quairading and applied to the WA Planning Commission (WAPC) in October 2019 for a re-alignment of the Parcels of land.

The WAPC considered the Subdivisional Application and Approved the proposed 3 Lots in January 2020.

The CEO and Rates officer has been in liaison with their counterparts at the Shire of Cunderdin for several months on a proposed adjustment to the Shires' Common Boundary.

The Boundary Proposal is to be placed before both Councils for their Consideration and subject to Agreement, a joint Proposal for the minor Boundary Adjustment will be prepared for the Local Government Advisory Board for consideration.

It is considered prudent that the Boundary Adjustment be proceeded with given the implications of each Council having to obtain an Unimproved Valuation for portion of the parcels of land in their District and the landholder receiving two Rate Notices for the divided Lots.

In addition, the CEO is aware that Lot 802 has recently been sold which will necessitate a Settlement on the Council Rates.

The 3 newly created Lots are made up from the following old Lots: -

800 (New) is made up from lots 2 (Q Shire) and lot 8388 (C Shire)

801 (New) is made up from lots 7234, 7233 (Cunderdin Shire)

802 (New) is made up from lots 2 (Q Shire) and lots 7234, 7233 (C Shire).

#### STATUTORY ENVIRONMENT

#### **Local Government Act 1995**

A submission, in accordance with Schedule 2.1 of the Local Government Act 1995 will need to be made to the Local Government Advisory Board.

VOTING - absolute vote is required in accordance with Schedule 2.1 of the Local Government Act 1995.

# Schedule 2.1 – Provisions about creating, changing the boundaries of, and abolishing districts

# 2. Making a proposal

- (1) A proposal may be made to the Advisory Board by
  - (a) the Minister; or
  - (b) an affected local government; or
  - (c) 2 or more affected local governments, jointly; or
  - (d) affected electors who
    - (i) are at least 250 in number; or
    - (ii) are at least 10% of the total number of affected electors.

## (2)A proposal is to -

- (a) set out clearly the nature of the proposal, the reasons for making the proposal and the effects of the proposal on local governments; and
- (b) be accompanied by a plan illustrating any proposed changes to the boundaries of a district; and
- (c) comply with any regulations about proposals.

# 3. Dealing with proposals

- (1) The Advisory Board is to consider any proposal.
- (2) The Advisory Board may, in a written report to the Minister, recommend\* that the Minister reject a proposal if, in the Board's opinion
  - (a) the proposal is substantially similar in effect to a proposal on which the Board has made a recommendation to the Minister within the period of 2 years immediately before the proposal is made; or
  - (aa) where the proposal was made by affected electors under clause 2(1)(d), that the majority of those electors no longer support the proposal; or
  - (b) the proposal is frivolous or otherwise not in the interests of good government.
  - \* Absolute majority required.
- (3) If, in the Advisory Board's opinion, the proposal is
  - (a) one of a minor nature; and
  - (b) not one about which public submissions need be invited,

the Board may, in a written report to the Minister, recommend\* that the Minister reject the proposal or that an order be made in accordance with the proposal.

- \* Absolute majority required.
- (4) Unless it makes a recommendation under subclause (2) or (3), the Advisory Board is to formally inquire into the proposal.

#### **POLICY IMPLICATIONS**

There are no policy implications with this report.

# **FINANCIAL IMPLICATIONS**

Nil - No major cost involved with the Shire Boundary adjustment.

The Proposal provides for the transfer of equivalent areas of land to / from both Shires, so there is no identified gain or loss to both Councils.

# STRATEGIC IMPLICATIONS – Strategic Community Plan 2017 - 2027

# Built Environment Objective: Planning and infrastructure to meet the needs of the community

ITEM	OUTCOMES AND STRATEGIES
B1	Responsive Land Use Planning
B1.1	Ensure land use planning services are responsive to community aspirations including increased availability of industrial, commercial and residential land.

## **COMMUNITY CONSULTATION**

No Community consultation in relation to the preparation of this report.

Consultation has been undertaken by the CEO's and Rates Officers with the Shires of Quairading and Cunderdin.

Liaison with the Landholder's Settlement Agent has occurred.

# RISK ASSESSMENT – Risk Management Policy and Risk Management Governance Framework Applicable.

Financial - Risk Matrix Rating is assessed as Low. No Financial Risk identified by Council's Administration. There is potential increased risk of increased financial cost as future Administrations deal with the land "straddling" the Shire Boundary.

Health - Risk Matrix Rating is assessed as Low.

Reputation – Risk Matrix Rating is assessed as Low. If the Boundary adjustment is not supported there is increased risk of reputational risk over time as the landowners will continue to pay two (2) Rate Notices for one (1) property.

Operation – Risk Matrix Rating is assessed as Low. Joint Proposal will be prepared by the CEO's of both Quairading and Cunderdin Shires. Boundary Adjustment is considered minor by the CEO's. All administration will be conducted "in house" and within existing resources.

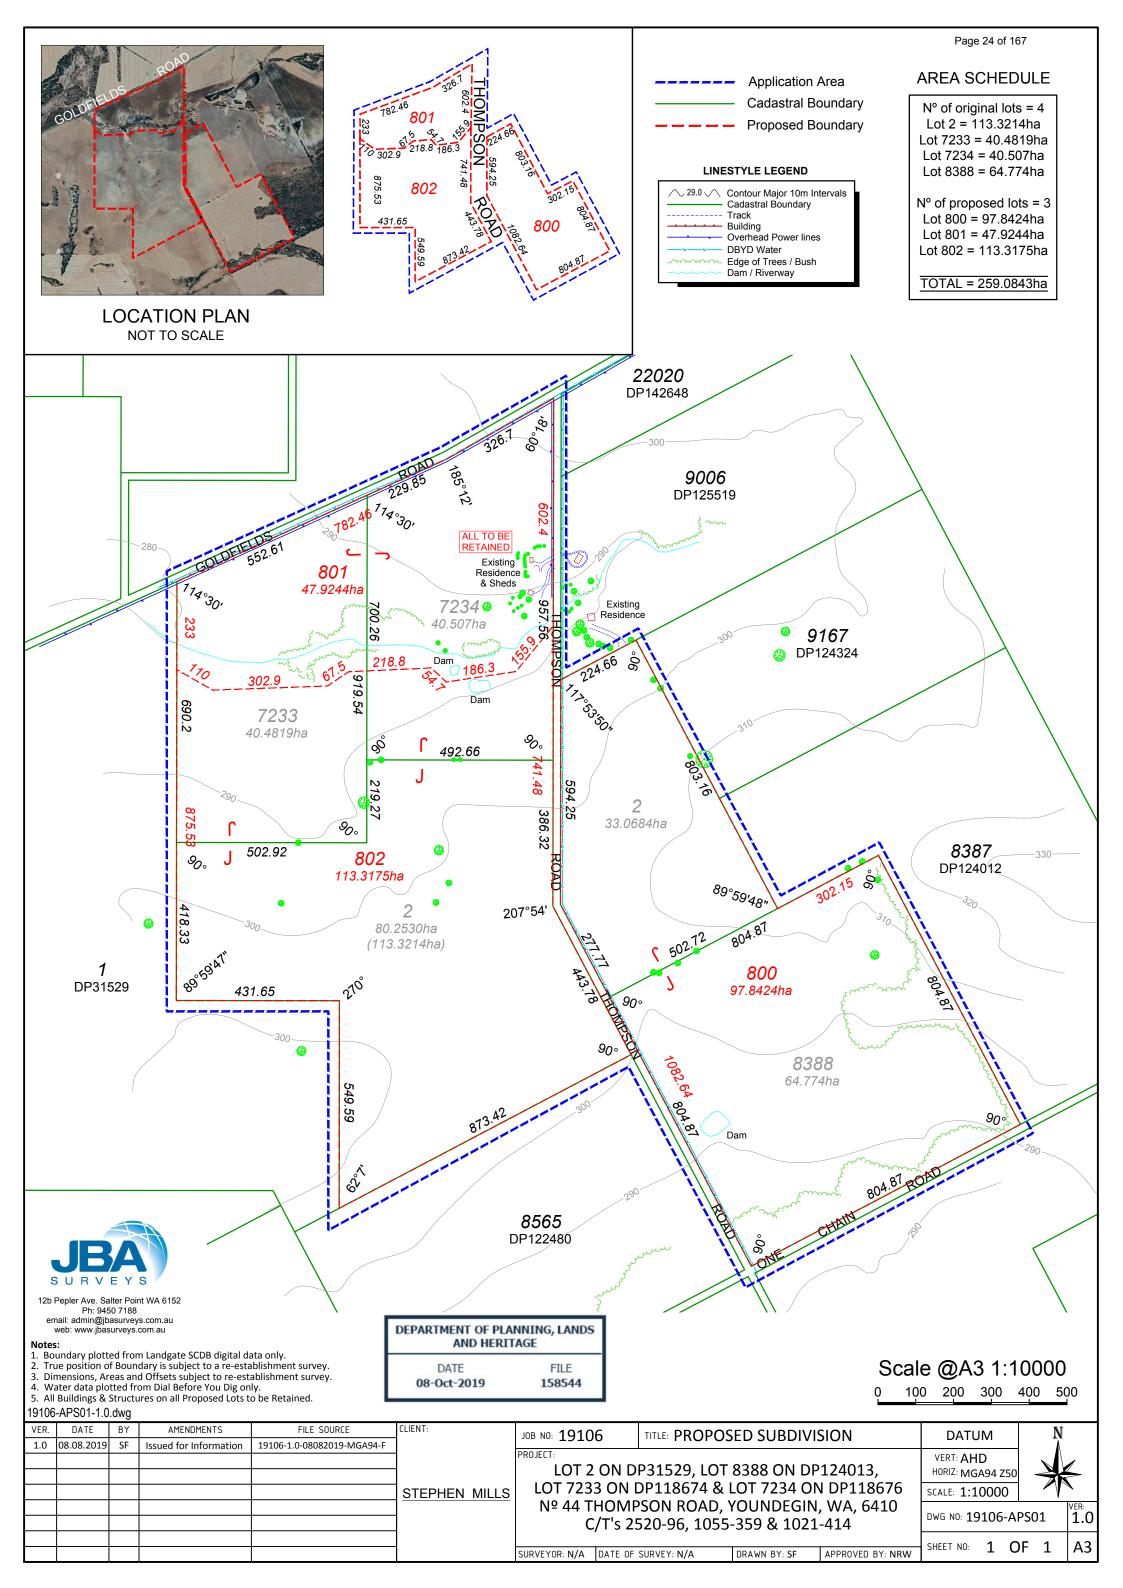

Natural Environment - Risk Matrix Rating is assessed as Low. No impact on the Environment.

#### COMMENT

The variation of the Shire Boundary is considered minor and it is envisaged that the Local Government Advisory Board will determine the same.

There have been several historical precedents that the CEO is aware of where the Shire Boundary has been adjusted when the Shire Boundary traverses through a parcel of land.

Council (and the affected adjoining Council) have successfully had the Shire Boundary adjusted.

# **IN BRIEF**

- As part of Council's governance and representation obligations, individual Councillors represent Council on a range of Community and Organisations' committees.
- The Councillor's role as a delegate on these committees is to represent the position of Council, and involves reporting back to Council on the issues, or progress of the committees or Groups.
- Council invited to elect a Delegate and a Proxy Delegate to the Local Health Advisory Group.
- LHAG being re-established by the Quairading Health Service Manager.

#### **MATTER FOR CONSIDERATION**

Council is invited to appoint a Council Delegate and a Proxy Delegate to the Quairading Local Health Advisory Group (LHAG).

# **BACKGROUND**

Health Service Manager Diana Ellison has approached the Chief Executive Officer and advised that she is planning to re-establish a LHAG for the Quairading District Hospital as a Community Advisory Group.

Ms Ellison advised that the Advisory Group will be small in number (Community Members and Council Representatives) and to meet at the most 3-4 times a Year. Meetings will be approximately an hour in duration and be held during normal Work Hours in the Hospital Meeting Room.

Members of the public can provide feedback information, suggestions, concerns, etc., to the Advisory Group who work with the WA Country Health Services and Local Government to advocate for health services on behalf of the community.

Financial - Risk Matrix Rating is assessed as Low. No financial risk identified.

Health - Risk Matrix Rating is assessed as Low. Council's participation in LHAG will enable Council to provide input into local (WACHS) health issues.

Reputation – Risk Matrix Rating is assessed as Low. It is considered prudent for Council's reputation and community perception that Council accept the invitation to have a Delegate and a proxy Delegate on the soon to be formed Quairading LHAG.

Operation – Risk Matrix Rating is assessed as Low. Attendance at LHAG Meetings will be within Council's normal operations and Structure.

Natural Environment - Risk Matrix Rating is assessed as Low.

# **COMMENT**

The LHAG gives community members a say in how their health services are delivered. It is a forum for ongoing communication and interaction between WA Country Health Service staff, Local Government and community members and aims to develop workable solutions for local health service related issues.

Membership of the LHAG provides the opportunity for continuously improving consumer and community participation at the local level.

The composition of the LHAG intends to reflect a cross-section of community health interests. Members of the LHAG are health consumers, carers, community members and service providers who actively seek to improve service planning, access, safety and quality.

## **OFFICER RECOMMENDATION**

MOVED Cr SECONDED Cr
----------------------

That Council approve the development application submitted by Mr Edward G. Edwards for a proposed new outbuilding on Lot 307 (No.14) Charlton Street, Quairading subject to the following conditions and advice notes:

- 1. The proposed outbuilding (i.e. shed) shall be constructed strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by Council.
- 2. Any additional development which is not in accordance with the application the subject of this approval or any condition of approval will require the further approval of Council.
- 3. The proposed development shall be completed in its entirety within a period of one (1) year from the date of this approval. If the development is not completed within this period this approval shall lapse and have no further effect. Where an approval has so lapsed, the proposed development shall not be carried out without the further approval of Council having first being sought and obtained.
- 4. All external surfaces of the proposed new outbuilding shall be clad with new materials only with the exception of the existing access doors and trims located on the structure's eastern façade which shall be painted to match the structure's external walls.
- 5. All stormwater drainage generated by the proposed new outbuilding shall be managed and disposed of on-site (i.e. no stormwater is permitted to be directed and disposed of via any immediately adjoining property).
- The existing mature tree located at the rear of the property which is proposed to be retained and contained within the confines of the proposed outbuilding shall at all times be maintained to the specifications and satisfaction of the Shire's Chief Executive Officer to minimise any potential risk of damage to the structure from falling tree branches.
- 7. The proposed new outbuilding shall only be used for domestic storage, maintenance and hobby purposes unless otherwise approved by Council.

## **Advice Notes**

- 1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement, memorial or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the Shire's attention.
- 2. This is a development approval of the Shire of Quairading under its Town Planning Scheme No.2. It is not a building permit or an approval to commence or carry out development under any other law. It is the responsibility of the applicant/landowner to obtain any other necessary approvals, consents, permits and licenses required under any other law, and to commence and carry out development in accordance with all relevant laws.
- 3. In accordance with the Building Act 2011 and Building Regulations 2012, a demolition permit for all existing structures proposed to be removed and a building permit application for the proposed new outbuilding must be submitted to and approved by the Shire's Building Surveyor prior to the commencement of any demolition, construction and/or earthworks on the land.
- 4. The removal of any asbestos from the land, including boundary fencing, may only be undertaken by an authorised asbestos removal licence holder in accordance with the specific requirements of the Occupational Safety and Health Act 1984, the Occupational Safety and Health Regulations 1996 and the National code of practice for the safe removal of asbestos 2nd edition [NOHSC:2002(2005)].
- 5. The proposed new outbuilding is required to comply in all respects with the National Construction Code of Australia. Plans and specifications which reflect these requirements must be submitted to the Shire with the building permit application.
- 6. The noise generated by any activities on-site including machinery motors or vehicles shall not exceed the levels as set out under the Environmental (Noise) Regulations 1997.
- 7. No construction works shall commence on the land prior to 7am without the Shire's written approval. No construction works are permitted to be undertaken on Sundays or Public Holidays.
- 8. Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the Planning and Development Act 2005 and the Shire of Quairading Town Planning Scheme No.2 and may result in legal action being initiated by the local government.

**VOTING REQUIREMENTS** - Simple Majority

#### **IN BRIEF**

The applicant/landowner is seeking Council's development approval to construct a new outbuilding (i.e. shed) at the rear of Lot 307 (No.14) Charlton Street, Quairading for domestic storage purposes.

As the proposed outbuilding does not comply with the deemed-to-comply requirements of the Residential Design Codes of Western Australia, Council's development approval is required prior to issuance of a building permit.

#### **MATTER FOR CONSIDERATION**

A development application for the construction and use of a new 148m<sup>2</sup> outbuilding at the rear of Lot 307 (No.14) Charlton Street, Quairading for domestic storage purposes.

#### **BACKGROUND**

The subject land is located in the northern part of the Quairading townsite in a well-established, low density residential area. It comprises a total area of approximately 994m<sup>2</sup> and contains an older style dwelling in its northern half in good, habitable condition that is slowly being renovated by the applicant/landowner and his family.

The land is gently sloping from north to south with the natural ground level ranging from approximately 254 metres AHD in its northern part to 253 metres AHD along its southern boundary where the new outbuilding is proposed to be sited.

The land has direct frontage to Charlton Street along its northern boundary and Gillett Street along its eastern boundary, both of which are sealed and drained local roads under the care, control and management of the Shire. All vehicle access to/from the land is via an existing driveway crossover along its Gillett Street frontage.

Existing adjoining and other nearby land uses are predominantly residential in nature comprising single houses, including numerous similar sized outbuildings, on lots ranging in size from 900 to 5,600m<sup>2</sup>. The subject land also immediately abuts Crown Reserve 50706 which is an unmanaged 'C' class reserve owned by the State of Western Australia and controlled by the Department for Planning, Lands and Heritage for the designated purpose 'Residential Development'.

Under the terms of the application received the following is proposed:

- Placement of two (2) x 40 foot long x 8 foot wide x 8.5 foot high second-sea containers in good condition on galvanised support beams secured by concrete footings at the southern end of the property spaced approximately 7.33 metres apart with a setback of 0.6 metres to the land's western side boundary and 1.0 metre to its rear boundary to the south;
- Construction of a new steel framed, dome-style roof structure over the top of the two sea containers
  to a maximum height of 4.4 metres above the land's natural ground level with a centrally located cutout to allow for the retention of an existing mature tree located at the rear of the property which has
  been extensively lopped and will be maintained thereafter to minimise the risk of damage from
  falling branches;
- Installation of painted steel (i.e. 'Surf Mist' colour being white with a grey tinge) and polycarbonate roof cladding on the dome-style roof structure;
- Installation of 'Surf Mist' coloured wall cladding on the proposed structure's northern, western and southern elevations to a height of approximately 2.59 metres to screen the external surfaces of the two (2) sea containers from public view;
- Painting of the two (2) eastward facing doors of the sea containers using 'Surf Mist' coloured paint to match the structure's wall and roof cladding;
- Installation of 'Surf Mist' coloured guttering around the edge of the proposed structure's roof as well as a suitable capacity rainwater tank on the northern side of the structure for stormwater drainage management purposes;
- Removal of all existing boundary fencing and installation of new replacement picket style and Colorbond fencing ranging in height from 0.9 to 1.8 metres to maintain visual surveillance to/from the street in the northern portion of the property and screen its southern half, including the proposed outbuilding, from public view; and

- Use of the proposed outbuilding for domestic storage and maintenance purposes following completion of construction.

#### FINANCIAL IMPLICATIONS

Nil immediate financial implications, aside from the administrative costs associated with processing the application. Town Planning expenses are provided for in Council's Budget.

All costs associated with the proposed development will be met by the applicant/landowner.

It is highlighted that should the applicant/landowner be aggrieved by Council's final decision, they may seek a review of that decision by the State Administrative Tribunal in which case the Shire would need to respond, the cost of which cannot be determined at this preliminary stage but could be expected to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

#### **COMMUNITY CONSULTATION**

Details of the proposal, including plans, were forwarded to the owners/occupiers of nine (9) properties in the immediate locality for review and comment. Those people consulted were given fourteen (14) days to provide a formal response to the Shire. At the close of the consultation period only one (1) submission had been received by the Shire which confirmed the respondent has no objections to and is supportive of the proposal.

# RISK ASSESSMENT - Risk Management Policy and Risk Management Governance Framework Applicable.

Financial - Risk Matrix Rating is assessed as Low. Risk Mitigated through Assessment Process and Recommendation to support the Application with Conditions. However, there is potential for increased Risk if the Applicant/Landowner is aggrieved by Council's final decision and applies for a review of the decision by the State Administrative Tribunal.

Health - Risk Matrix Rating is assessed as Low

Reputation – Risk Matrix Rating is assessed as Low. Application has been through a Public Consultation Process and no objections have been received. Application fully assessed by Council's Town Planning Consultant with recommendation to Council.

Operation - Risk Matrix Rating is assessed as Low. Application dealt within Council's current Organisational Structure and Council's Town Planning Consultant.

Natural Environment - Risk Matrix Rating is assessed as Low.

#### PLANNING ASSESSMENT

The subject land is classified 'Residential' zone with a density coding of R10/20 in the Shire of Quairading Town Planning Scheme No.2 and is proposed to retain this zoning classification and density coding in the Shire's proposed new Local Planning Scheme No.3.

Council's stated objectives for the development and use of any land classified 'Residential' zone are as follows:

- a) to provide for the predominant form of residential development to be single houses;
- b) to provide for diversity of lifestyle choice with a range of residential densities;
- c) to achieve a high standard of residential development; and
- d) to allow for establishment of non-residential uses which are compatible with the predominant residential use and which will not adversely affect local amenities.

Clause 61(1)d in Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (i.e. the Deemed Provisions for all local planning schemes in Western Australia) provides an express exemption to the need for development approval for the erection or extension of an outbuilding on the same lot as a single house if the R-Codes apply to the development and the development satisfies the deemed-to-comply requirements of the R-Codes unless the development is located in a place that is:

- (i) entered in the Register of Heritage Places under the Heritage of Western Australia Act 1990; or
- (ii) the subject of an order under the Heritage of Western Australia Act 1990 Part 6; or
- (iii) included on a heritage list prepared in accordance with this Scheme; or
- (iv) within an area designated under the Scheme as a heritage area; or
- (v) the subject of a heritage agreement entered into under the Heritage of Western Australia Act 1990 section 29.

Whilst the subject land and dwelling thereon are not identified, designated or registered as being of cultural heritage significance at local or State level, the proposed new outbuilding does not satisfy the deemed-to-comply requirements of the R-Codes. As such a development application is required in this particular instance and must be considered and determined by Council prior to the commencement of development.

The development application received has been assessed with due regard for the specific objectives, standards and guidance provided in the following documents:

Planning and Development (Local Planning Schemes) Regulations 2015

- Shire of Quairading Town Planning Scheme No.2
- Shire of Quairading Local Planning Scheme No.3 (Draft)
- State Planning Policy 7.3: Residential Design Codes Volume 1 (R-Codes)
- Shire of Quairading Local Planning Policy 'Sea Containers' (June 2015)
- Shire of Quairading Local Planning Policy 'Outbuildings' (December 2015)

This assessment has concluded the proposal is generally consistent with the relevant objectives and standards and is capable of being implemented in a proper and orderly manner. Notwithstanding this general conclusion, Council is required to consider and exercise its discretion in relation to the following matters when determining the application:

# 1. Floor Area

The proposed outbuilding will comprise a total floor area of 148m<sup>2</sup> in lieu of a maximum permitted floor area of 99.4m<sup>2</sup> as required by Council's 'Outbuildings' policy (i.e. 10% of the land's total site area).

In considering this non-compliant element Council is required to have due regard for the design principles prescribed in clause 5.4.3 P3 of the R-Codes which expressly states that any new outbuilding may be approved where it does not detract from the streetscape or the visual amenity of residents or neighbouring properties.

Having regard for:

- a) the location of the proposed outbuilding at the rear of the land;
- b) its proposed external finishes and colours;
- the fact it will be substantially screened from public view with the installation of a new 1.8 metre high Colorbond fencing along the land's side and rear boundaries where the structure is proposed to be sited; and
- d) the outcomes from the recently completed public advertising process in which no objections were raised,

it is contended the proposed structure will not detract from the local streetscape or the visual amenity of residents or neighbouring properties due to its floor area being greater than the maximum allowable under Council's 'Outbuildings' policy and is therefore acceptable.

# 2. Ridge Height

The proposed outbuilding will have a roof ridge height of 4.4 metres in lieu of a maximum permitted ridge height of 4.2 metres as required by Council's 'Outbuildings' policy.

In considering this non-compliant element Council is required to again have due regard for the design principles prescribed in clause 5.4.3 P3 of the R-Codes which expressly states that any new outbuilding may be approved where it does not detract from the streetscape or the visual amenity of residents or neighbouring properties.

As the proposed variation to the maximum allowable ridge height is only quite minor in nature (i.e. 200mm), it is contended the proposed structure will not detract from the local streetscape or the visual amenity of residents or neighbouring properties by virtue of its overall height and is therefore acceptable. This view is supported by the fact no objections were raised by any nearby landowners during public advertising.

Furthermore, Council should note clause 26(3) of the Shire's proposed new Local Planning Scheme No.3 specifies that all outbuildings on land with a density coding of R10 shall comprise a maximum building height of 4.5 metres which is slightly greater than that allowable under its current policy (i.e. when Local Planning Scheme No.3 is finally approved and gazetted the proposed structure would be compliant with Council's requirements in this matter).

# 3. **Boundary Setbacks**

The proposed outbuilding will have a setback of 0.6 metres from the land's western side boundary and a setback of one (1) metre from its rear boundary to the south in lieu of a minimum setback of 1.5 metres to both of these boundaries as required by the R-Codes and Council's 'Outbuildings' policy.

In considering this non-compliant element Council is required to again have due regard for the design principles prescribed in clause 5.4.3 P3 of the R-Codes which expressly states that any new outbuilding may be approved where it does not detract from the streetscape or the visual amenity of residents or neighbouring properties.

# Having regard for:

- a) the location of the proposed outbuilding at the rear of the land;
- b) its proposed external finishes and colours;
- the fact it will be substantially screened from public view with the installation of a new 1.8 metre high Colorbond fencing along the land's side and rear boundaries where the structure is proposed to be sited;
- d) the outcomes from the recently completed public advertising process in which no objections were raised; and
- e) the fact the walls of the structure along the land's western and southern boundary will need to be suitably fire rated to ensure compliance with the specific requirements of the Building Code of Australia which is a matter that will be dealt with by the Shire during the building permit application stage of the approval process,

it is contended the proposed structure will not detract from the local streetscape or the visual amenity of residents or neighbouring properties or give rise to an unmanageable fire risk as a direct consequence of the reduced boundary setbacks and is therefore acceptable.

# 4. Use of Sea Containers

As the proposal involves the use of two (2) sea containers that will not be contained entirely within the confines of the proposed outbuilding, it must be considered in the context of the specific requirements of Council's 'Sea Containers' policy.

Council's 'Sea Containers' policy states that only one standard 20 foot long sea container is permitted per property and shall be fitted with a pitched roof.

The proposal involves the use of two (2) x 40 foot long sea containers under a dome style roof structure, the eastern ends of which will be visible given the applicant's intention to utilise the existing access doors in these locations.

# Having regard for:

- a) the location of the proposed sea containers at the rear of the land with a 7.34 metre setback to the land's Gillett Street frontage with an additional 6 metre wide verge area to the road carriageway;
- b) the fact both sea containers are in good general condition;
- c) the applicant's intention to clad the majority portion of the external surfaces of both sea container with new Colorbond steel wall cladding to help improve their visual appearance;
- d) the applicant's intention to paint the eastern ends of both sea containers to match/complement the external colours of the proposed outbuilding as well as the existing dwelling on the land;
- e) the fact the eastern ends of the sea containers will be substantially screened from public view with the installation of a new 1.8 metre high Colorbond fencing along the land's side and rear boundaries where the containers are proposed to be sited;

- f) the applicant's intention to construct a suitably engineered dome style roof structure using materials that will improve the overall visual appearance of the outbuilding in its entirety; and
- g) the outcomes from the recently completed public advertising process in which no objections were raised,

it is contended the proposed outbuilding will not detract from the local streetscape or the visual amenity of residents or neighbouring properties through the use of two (2) sea containers as proposed and is therefore acceptable.

In light of the above findings and conclusions it is recommended Council exercise its discretion and approve the application subject to a range of conditions to ensure the development proceeds in a proper and orderly manner.

Subject: Letter to Quairading Shire

Dear Graham, Anthea, Joe and Tim,

Firstly I would like to sincerely apologise for the unauthorised placement of the 2 Sea containers on my property at 14 Charlton St Quairading. after getting advice from friends and work mates that, as long as I put them on strong foundations (which I definitely have) and the roof and sides were enclosed with colour bond sheeting and they weren't used to live in or for commercial purposes, everything should be ok.

Unfortunately my paperwork and computer expertise is very limited and I realize now that I should have come to the Shire first and once again, Very Sorry!

And also Thank you very much to Joe and Tim for their Patience, Help and advice, very much appreciated.

On the plus side I'm thinking and hoping that you'll see our plans for these upgrades on this properly will tidy it up nice and give it a new lease of life, but at the same time keeping the lovely country character that it has as much as possible.

My Wife Jackie has been working hard reastablishing the gardens and planting extra plants and shrubs and she is also organising the materials and pattern for the white picket fence at the front. My Son Shane and his partner Nicky have removed heaps of the leaves and bark and other items that had accumulated on and around the property over the long period it was vacant, and are helping with all the other jobs as well, My other Son Wade comes up from Perth to help with the bigger jobs when he can.

I have been in semi retirement since purchasing the property last year but haven't been able to do as much work on it as I had planned due to other outstanding jobs and Family commitments in Perth. Myself and Wade have opted to stay in Perth over the Corona 19 period cause we didn't want to risk bringing the virus out to the Wheatbelt due to the fact that we are out and about working and although taking all the precautions we are more at risk of getting infected.

Jackie and Myself and Shane and his partner will be living here permanently with Wade coming up regularly hence the requirement for the 2 containers cause we all have cars /trailers / caravan / tools / camping gear etc. The idea is for the containers to provide safe dry storage for all the smaller items and projects and the large roofed area between the containers cars and trailers etc.

At the moment one of the containers is storing most of the building materials roofing sheets / timber / steel/fencing / paving etc and the other is storing tools and other smaller building equipment. Unfortunately we've missed a lot of time and good weather due to Corona 19 and it's a bit untidy due to incomplete work, The priority is firstly to remove and replace fence and gate, especially around the back half of the property and then complete the enclosure over the containers, making it a shed/carport, as per attached drawings.

I have spent nearly all my working career in construction and have many years experience in Asbestos removal and Scaffolding / Rigging /Welding etc. both domestic and commercial and fifo and am fully ticketed, Both my sons Wade and Shane work in this industry to, and are also fully ticketed.

Please contact me if. you have any questions or need any other information. Thank You,

Kind Regards,

Ted Edwards.

#### OFFICER RECOMMENDATION

<b>MOVED Cr</b>		SECONDED	Cr.	
-----------------	--	----------	-----	--

That Council approve the development application submitted by Mr Les Eather for an existing unauthorised outbuilding on Lot 288 (No.54) Murphy Street, Quairading subject to the following conditions and advice notes:

- 1. The outbuilding (i.e. shed) shall be constructed strictly in accordance with the information and plans submitted in support of the application subject to any modifications required as a consequence of any condition/s of this approval or otherwise approved by Council.
- 2. Any additional development which is not in accordance with the application the subject of this approval or any condition of approval will require the further approval of Council.
- 3. The proposed development shall be completed in its entirety within a period of one (1) year from the date of this approval. If the development is not completed within this period this approval shall lapse and have no further effect. Where an approval has so lapsed, the proposed development shall not be carried out without the further approval of Council having first being sought and obtained.
- 4. All external surfaces of the outbuilding shall be clad with new materials only.
- 5. Additional screen-type landscaping comprising fast growing, drought proof plant species shall be installed along the land's Winmar Road frontage within the land's designated lot boundaries and maintained thereafter, including immediate replacement in the event of any plant deaths, to help screen the outbuilding from public view. The applicant/landowner shall submit details of all proposed landscaping required by this condition for consideration and determination by the Shire's Chief Executive Officer prior to planting.
- 6. A maximum six (6) metre wide opening with 1.8 metre high access gates shall be provided along the land's Winmar Road frontage to accommodate all vehicle access to/from the rear portion of the property and help screen the outbuilding and vehicle access and parking areas from public view. If required, new boundary fencing shall also be installed along the land's Winmar Road frontage to match the existing boundary fencing and ensure there are no openings beyond that permitted by this condition.
- 7. All stormwater drainage generated by the outbuilding and compacted gravel surface at the rear of the land shall be managed and disposed of on-site (i.e. no stormwater is permitted to be directed and disposed of via any immediately adjoining property) unless otherwise approved by Council. The applicant/landowner shall submit details of all proposed stormwater drainage management arrangements for consideration and determination by the Shire's Chief Executive Officer prior to the recommencement of any building construction works on the land.

  Continues on next page

- 8. The parking of any commercial vehicle/s on the land is not permitted unless otherwise approved by Council.
- 9. The proposed new outbuilding shall only be used for domestic storage, maintenance and personal hobby purposes unless otherwise approved by Council.

#### **Advice Notes**

- 1. This approval is not an authority to ignore any constraint to development on the land which may exist through contract or on title, such as an easement, memorial or restrictive covenant. It is the responsibility of the applicant and landowner and not the Shire to investigate any such constraints before commencing development. This approval will not necessarily have regard to any such constraint to development, regardless of whether or not it has been drawn to the Shire's attention.
- This is a development approval of the Shire of Quairading under its Town Planning Scheme No.2. It is
  not a building permit or an approval to commence or carry out development under any other law. It
  is the responsibility of the applicant/landowner to obtain any other necessary approvals, consents,
  permits and licenses required under any other law, and to commence and carry out development in
  accordance with all relevant laws.
- 3. In accordance with the Building Act 2011 and Building Regulations 2012, a Building Approval Certificate application (i.e. BA13) for the outbuilding and sea container within must be submitted to and approved by the Shire's Building Surveyor.
- 4. The outbuilding and sea container within are required to comply in all respects with the National Construction Code of Australia. Plans and specifications which reflect these requirements must be submitted to the Shire with the Building Approval Certificate application.
- 5. The removal of any asbestos from the land, including boundary fencing, may only be undertaken by an authorised asbestos removal licence holder in accordance with the specific requirements of the Occupational Safety and Health Act 1984, the Occupational Safety and Health Regulations 1996 and the National code of practice for the safe removal of asbestos 2nd edition [NOHSC:2002(2005)].
- 6. This development approval does not itself authorise/formalise the existing unauthorised gravel crossover along the land's Winmar Road frontage. The applicant/landowner is required to prepare and lodge a separate application with the Shire for consideration and determination in accordance with the specific requirements of regulation 12 of the Local Government (Uniform Local Provisions) Regulations 1996. Being a second crossing to/from the land, it should be noted the Shire is not obliged to bear 50% of the cost to construct it to the required standards as per the requirements of regulation 15(1) of the Local Government (Uniform Local Provisions) Regulations 1996.
- 7. In relation to Condition 8 please note the Shire is aware the land has been used for the parking of commercial vehicles (i.e. water trucks) associated with landowner's business activities. The development application received for the existing unauthorised outbuilding did not seek approval for any commercial vehicle parking on the land. Any such use is not currently permitted without Council's formal development approval. If the land is to be used for this purpose a new development application must be prepared and submitted to the Shire for consideration and determination by Council.
- 8. The noise generated by any activities on-site including machinery motors or vehicles shall not exceed the levels as set out under the Environmental (Noise) Regulations 1997.
- 9. No construction works shall commence on the land prior to 7am without the Shire's written approval. No construction works are permitted to be undertaken on Sundays or Public Holidays.

Continues on next page

- 10. Failure to comply with any of the conditions of this development approval constitutes an offence under the provisions of the Planning and Development Act 2005 and the Shire of Quairading Town Planning Scheme No.2 and may result in legal action being initiated by the local government.
- 11. If the applicant/landowner is aggrieved by this determination, there is a right of review by the State Administrative Tribunal in accordance with the Planning and Development Act 2005 Part 14. An application must be submitted within 28 days of the determination.

# **VOTING REQUIREMENTS** – Simple Majority

#### **IN BRIEF**

The applicant/landowner is seeking Council's retrospective development approval for an existing unauthorised outbuilding (i.e. shed) at the rear of Lot 288 (No.54) Murphy Street, Quairading.

As the proposed outbuilding does not comply with the deemed-to-comply requirements of the Residential Design Codes of Western Australia, Council's development approval is required prior to issuance of a building approval certificate.

#### **MATTER FOR CONSIDERATION**

A development application for an existing unauthorised 195m² outbuilding at the rear of Lot 288 (No.54) Murphy Street, Quairading proposed to be used for domestic storage, maintenance and personal hobby purposes.

#### **BACKGROUND**

The subject land is located in the north-western part of the Quairading townsite on the edge of a well-established, low density residential area. It comprises a total area of approximately 1,662m<sup>2</sup> and contains an older style dwelling in its northern half in good, habitable condition as well as two small outbuildings at the rear of the dwelling.

The land is gently sloping from north to south with the natural ground level ranging from approximately 251 metres AHD in its northern part to 250 metres AHD along its southern boundary where the new outbuilding is proposed to be sited.

The land has direct frontage to Murphy Street along its northern boundary which is a sealed and drained local access road under the care, control and management of the Shire. It also has direct frontage to Winmar Road along its western boundary which is a sealed and drained regional distributor road under the care, control and management of the Shire. Vehicle access to/from the land is provided via an existing approved three (3) metre wide gravel crossover along its Murphy Street frontage and an unauthorised six (6) metre wide gravel crossover at the southern end of the property along its Winmar Road frontage.

Existing adjoining and other nearby land uses are predominantly residential in nature comprising single houses, including numerous outbuildings, on lots ranging in size from 860 to 1,790m<sup>2</sup>. Being on the fringe of an established residential precinct, the subject land is also located immediately opposite an existing operational broadacre farming property on the western side of Winmar Road as well as a future proposed light industrial subdivision to the south-west comprising five (5) new lots ranging in size from 2,500 to 5,289m<sup>2</sup>.

In 2019 the applicant/landowner sought Council's development approval to construct a new 180m<sup>2</sup> outbuilding at the rear of the property as well as the placement and use of a second-hand 40 foot long sea container on the south side of the outbuilding with a lean-to style roof structure above comprising an additional floor area of approximately 30.5m<sup>2</sup> (i.e. a 210.5m<sup>2</sup> structure in total). At a Special Council

meeting held on 13 August 2019 Council resolved to refuse the application on the basis the proposed outbuilding was not fit for the purpose specified in the application.

For reasons not explained, the applicant/landowner proceeded with the placement of a second-hand 40 foot long sea container on a newly laid and compacted gravel surface at the rear of the land and construction of a new 180m² outbuilding to cover and contain the sea container in its entirety and screen it from public view. Unfortunately, all of the work undertaken to-date has proceeded without the required development and building permit approvals and is therefore unauthorised. The applicant/landowner was advised of this fact in writing in March 2020, including the potential legal ramifications, and is understood to have ceased all construction works pending the Shire's formal consideration and final determination of the required applications.

Under the terms of the development application received for the unauthorised structure on 20 May 2020 Council's approval is now being sought for the following:

- The construction of a large, suitably graded and compacted 80mm thick gravel surface at the rear of the property as a base for the proposed structures as well as vehicle access and parking purposes;
- Placement of one (1) x 40 foot long x 8 foot wide x 8.5 foot high second-sea container in good condition at the southern end of the property with a minimum setback of 3 metres to the land's eastern side boundary and 4 metres to its rear boundary to the south;
- Construction of a new 15 metre long x 13 metre wide steel framed outbuilding (i.e. shed) comprising a total floor area of 195m<sup>2</sup> over the top of the sea container to a maximum height of approximately 4.7 metres above the land's compacted gravel surface with the same setbacks to its eastern and southern boundaries (i.e. 3 and 4 metres respectively);
- Installation of 'Woodland Grey' coloured steel wall cladding ranging in height from 3 to 3.5 metres on the outbuilding's northern, eastern and southern elevations as well as a portion of the structure's western elevation to screen the sea container within from public view;
- Installation of zincalume steel cladding on the roof of the outbuilding with pitches ranging from approximately 6 to 12 degrees;
- Vehicle access to/from the proposed outbuilding via an existing unauthorised crossover along the land's Winmar Road frontage; and
- Use of the proposed outbuilding for domestic storage and maintenance purposes following completion of construction.

Council should note the outbuilding for which approval is now being sought will comprise a total floor area which is 15.5m² smaller than the outbuilding originally proposed in 2019 and will be setback a further 1 to 1.5 metres from the land's eastern and southern boundaries. The ridge and wall heights remain unchanged however the sea container is now contained entirely within the outbuilding to screen it from public view.

# STATUTORY ENVIRONMENT

- Planning and Development Act 2005
- Planning and Development (Local Planning Schemes) Regulations 2015
- Shire of Quairading Town Planning Scheme No.2
- Shire of Quairading Local Planning Scheme No.3 (Draft)
- State Planning Policy 7.3: Residential Design Codes Volume 1 (R-Codes)

#### **POLICY IMPLICATIONS**

• Shire of Quairading Local Planning Policy – 'Outbuildings' (December 2015)

#### **FINANCIAL IMPLICATIONS**

Nil immediate financial implications, aside from the administrative costs associated with processing the application. Town Planning expenses are provided for in Council's Budget.

All costs associated with the proposed development will be met by the applicant/landowner.

It is highlighted that should the applicant/landowner be aggrieved by Council's final decision, they may seek a review of that decision by the State Administrative Tribunal in which case the Shire would need to respond, the cost of which cannot be determined at this preliminary stage but could be expected to range anywhere from \$5,000 to \$60,000 excluding GST depending upon how far the matter proceeds through the review process.

## STRATEGIC IMPLICATIONS - Strategic Community Plan 2017 - 2027

# Governance Objective: Strong governance and community engagement

ITEM	OUTCOMES AND STRATEGIES
G3	Community Engagement
G3.1	Provide appealing opportunities for the community to participate in decisions that affect them

# Built Environment Objective: Planning and infrastructure to meet the needs of the community

ITEM	OUTCOMES AND STRATEGIES
B1	Responsive Land Use Planning

#### **COMMUNITY CONSULTATION**

The applicant/landowner consulted with three (3) immediately adjoining landowners and submitted copies of a completed and signed 'Adjoining Property Owners Comment Form' for each confirming they had viewed the outbuilding as constructed to-date and had no concerns or objections.

Details of the proposal, including plans, were forwarded in writing by the Shire to the owners/occupiers of three (3) other nearby properties in the immediate locality for review and comment. Those people consulted by the Shire directly were given fourteen (14) days to provide a formal response. At the close of the consultation period on 8 July 2020 no additional submissions had been received which suggests the additional people consulted also have no objections to and are therefore supportive of the proposal.

# RISK ASSESSMENT - Risk Management Policy and Risk Management Governance Framework Applicable.

Financial - Risk Matrix Rating is assessed as Low. Risk Mitigated through Assessment Process and Recommendation to support the Application with Conditions. However, there is potential for increased Risk if the Applicant/Landowner is aggrieved by Council's final decision and applies for a review of the decision by the State Administrative Tribunal.

Health - Risk Matrix Rating is assessed as Low

Reputation – Risk Matrix Rating is assessed as Low. Application has been through a Public Consultation Process and no objections have been received. Application fully assessed by Council's Town Planning Consultant with recommendation to Council.

Operation - Risk Matrix Rating is assessed as Low. Application dealt within Council's current Organisational Structure and Council's Town Planning Consultant.

Natural Environment - Risk Matrix Rating is assessed as Low.

#### PLANNING ASSESSMENT

The subject land is classified 'Residential' zone with a density coding of R10/20 in the Shire of Quairading Town Planning Scheme No.2 and is proposed to retain this zoning classification and density coding in the Shire's proposed new Local Planning Scheme No.3.

Council's stated objectives for the development and use of any land classified 'Residential' zone are as follows:

- a) to provide for the predominant form of residential development to be single houses;
- b) to provide for diversity of lifestyle choice with a range of residential densities;
- c) to achieve a high standard of residential development; and
- d) to allow for establishment of non-residential uses which are compatible with the predominant residential use and which will not adversely affect local amenities.

Clause 61(1)d in Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (i.e. the Deemed Provisions for all local planning schemes in Western Australia) provides an express exemption to the need for development approval for the erection or extension of an outbuilding on the same lot as a single house if the R-Codes apply to the development and the development satisfies the deemed-to-comply requirements of the R-Codes unless the development is located in a place that is:

- (i) entered in the Register of Heritage Places under the Heritage of Western Australia Act 1990; or
- (ii) the subject of an order under the Heritage of Western Australia Act 1990 Part 6; or
- (iii) included on a heritage list prepared in accordance with this Scheme; or
- (iv) within an area designated under the Scheme as a heritage area; or
- (v) the subject of a heritage agreement entered into under the Heritage of Western Australia Act 1990 section 29.

Whilst the subject land and dwelling thereon are not identified, designated or registered as being of cultural heritage significance at local or State level, the proposed outbuilding does not satisfy the deemed-to-comply requirements of the R-Codes. As such a development application is required in this particular instance and must be considered and determined by Council to formalise the existing unauthorised structure on the land.

The development application received has been assessed with due regard for the specific objectives, standards and guidance provided in the following documents:

- Planning and Development (Local Planning Schemes) Regulations 2015
- Shire of Quairading Town Planning Scheme No.2
- Shire of Quairading Local Planning Scheme No.3 (Draft)
- State Planning Policy 7.3: Residential Design Codes Volume 1 (R-Codes)
- Shire of Quairading Local Planning Policy 'Outbuildings' (December 2015)

This assessment has concluded the proposal is generally consistent with the relevant objectives and standards and is capable of being implemented in a proper and orderly manner. Notwithstanding this general conclusion, Council is required to consider and exercise its discretion in relation to the following matters when determining the application:

#### 1. Floor Area

The proposed outbuilding will comprise a total floor area of 195m<sup>2</sup> in lieu of a maximum permitted floor area of 100m<sup>2</sup> as required by Council's 'Outbuildings' policy for residential lots greater than 1.000m<sup>2</sup>.

In considering this non-compliant element Council is required to have due regard for the design principles prescribed in clause 5.4.3 P3 of the R-Codes which expressly states that any new outbuilding may be approved where it does not detract from the streetscape or the visual amenity of residents or neighbouring properties.

# Having regard for:

- a) the location of the proposed outbuilding at the rear of the land and its proposed boundary setbacks which are significantly larger than those required by the R-Codes;
- b) its proposed external finishes and colours;
- c) the land's location on the edge of the Quairading townsite's established urban area and the nature of the existing and future proposed land uses on the western side of Winmar Road (i.e. broadacre agriculture and future light industrial);
- d) the small number of residential properties immediately abutting the land;
- e) the fact the proposed structure is partially screened from public view by the existing vegetation on the land and the existing 1.8 metre high boundary fencing with additional on-site landscaping and fencing (i.e. access gates) capable of being required and provided along the land's Winmar Road frontage as a condition of any development approval ultimately granted to increase the level of visual screening; and
- f) the outcomes from the recently completed public advertising process in which no objections were raised.

it is contended the proposed structure will not detract from the local streetscape or the visual amenity of residents or neighbouring properties due to its floor area being greater than the maximum allowable under Council's 'Outbuildings' policy and is therefore acceptable.

# 2. Ridge Height

The proposed outbuilding will have a roof ridge height of 4.7 metres in lieu of a maximum permitted ridge height of 4.2 metres as required by Council's 'Outbuildings' policy.

In considering this non-compliant element Council is required to again have due regard for the design principles prescribed in clause 5.4.3 P3 of the R-Codes which expressly states that any new outbuilding may be approved where it does not detract from the streetscape or the visual amenity of residents or neighbouring properties.

As the proposed variation to the maximum allowable ridge height is relatively minor in nature (i.e. 500mm) with the structure comprising boundary setbacks greater than those required by the R-Codes, it is contended the proposed structure will not detract from the local streetscape or the visual amenity of residents or neighbouring properties by virtue of its overall height and is therefore acceptable. This view is supported by the fact no objections were raised by any immediately adjoining or other nearby landowners during public advertising.

Furthermore, Council should note clause 26(3) of the Shire's proposed new Local Planning Scheme No.3 specifies that all outbuildings on land with a density coding of R10 shall comprise a maximum building height of 4.5 metres which is slightly greater than that allowable under its current policy (i.e. when Local Planning Scheme No.3 is finally approved and gazetted the proposed structure would be more consistent with Council's requirements in this matter).

## 3. Vehicular Access

As mentioned previously above all vehicle access to/from the land is provided via an existing approved three (3) metre wide gravel crossover along its Murphy Street frontage and an existing unauthorised six (6) metre wide gravel crossover at the southern end of the property along its Winmar Road frontage.

Despite Winmar Road being a regional distributor road, there is scope to allow direct access to/from this road as there are no encumbrances registered on the land's certificate of title expressly prohibiting access. Given the location, width and alignment of the existing unauthorised crossover along the land's Winmar Road frontage, the 50km/hour speed limit along that portion of this road abutting the land's western boundary, the relatively low volumes of traffic and the fact vehicle sightlines appear to be quite adequate, it is considered reasonable to allow access to/from the land via Winmar Road as proposed.

Council should however note that the issuance of development approval does not itself authorise/formalise the existing six (6) metre wide gravel crossover along the land's Winmar Road frontage. The applicant/landowner is required to prepare and lodge a separate application with the Shire for consideration and determination in accordance with the specific requirements of regulation 12 of the Local Government (Uniform Local Provisions) Regulations 1996. Being a second crossing to/from the land, the Shire is not obliged to bear 50% of the cost to construct it to the required standards as per the requirements of regulation 15(1) of the Local Government (Uniform Local Provisions) Regulations 1996. The applicant/landowner will be advised of these facts through the inclusion of a suitable advice note on any development approval that may ultimately be granted by Council.

### 4. Stormwater Management

Clause 5.3.9 C9 of the R-Codes requires all water draining from roofs, driveways and other impermeable surfaces for any residential development, including ancillary outbuildings, to be directed to garden areas, sumps or rainwater tanks within the development site where climatic and soil conditions allow for the effective retention of stormwater on-site. Other management options are also provided in the R-Codes if the above deemed-to-comply requirement cannot be satisfied for whatever reason.

The applicant/landowner has not provided any information in support of the application explaining how stormwater generated by the proposed development will be managed and disposed of. This omission does not preclude final determination of the application with a suitable condition able to be lawfully included on any development approval that may ultimately be granted by Council requiring further information and plans to be provided for consideration and approval by the Shire prior to the recommencement of any building construction works.

In light of the above findings and conclusions it is recommended Council exercise its discretion and approve the application subject to a range of conditions and advice notes to ensure the development proceeds in a proper and orderly manner.

Lastly, Council should note that despite the recommendation for the issuance of development approval it still has the option of initiating legal proceedings against the applicant/landowner for proceeding with the proposed development without the necessary approvals. Clause 218 of the Planning and Development Act 2005 expressly states any person who commences, continues or carries out any development in any part of an area the subject of a local planning scheme otherwise than in accordance with the provisions of that scheme commits an offence. Clause 223 of the aforementioned Act also states that unless otherwise provided, a person who commits an offence under the Act is liable to a fine of \$200,000 and, in the case of a continuing offence, a further fine of \$25,000 for each day during which the offence continues.

As previously mentioned, the Shire wrote to the applicant/landowner in March 2020 advising that the works undertaken to-date are unauthorised and no further works are permitted until such time as the required applications have been formally considered and determined. Given that no further works have been undertaken and the significant costs associated with pursuing prosecution action, which can range anywhere from \$15,000 to \$90,000 based on recent past experiences by other local government

authorities that have faced similar issues, it is recommended Council not initiate any legal proceedings against the applicant/landowner in this particular instance. Should Council wish to still do so for whatever reason, it is recommended that further advice be sought from the Shire's solicitors as a first step.

RE: Your letter of March 5th 2020 and Form BA21

16 March, 2020

Dear Graeme,

On reading your letter- dated 5.3.2020 and received by me via registered mail on Monday 9.3.2020- it would appear that I may have contravened the Shire's Building By-laws.

Work stopped on the shed on Thursday 5.3.2020. I have attached a drawing of the shed and site plans at its present stage of construction. As you are aware, notice was sent to adjoining neighbours on two occasions (at my own expense) and no objections were received on the second occasion.

The building, as constructed, still retains the 38° winter shade profile angle and 4m boundary set back. The wall height is 3.5m and the roof apex height is about the same as all houses nearby. The length of the shed however, is reduced 25% (from 20m to 15m). This allows for very little visual impact to properties to the South and is largely screened by sheds and trees within these properties.

The shed is constructed on the very edge of the town precinct and directly across the road from a proposed future industrial development.

I would like to offer an invitation to meet with yourself, Wayne Davies and your technical staff for a site inspection and to discuss the building in an informal manner.

At this point in time I hope that we can achieve one of the following options:

**Option 1**- To be able to get retrospective building approval subject to acceptable conditions and with no financial disincentives.

Option 2- To be given 90 days notice to dismantle and remove the building from the Quairading shire.

As my hobbies and lifestyle include caravanning, motor racing and restoration of racing cars, a large shed is a pre-requisite for my future retirement plans and non-negotiable consideration for my retirement plans in Quairading. I already own a house on 1.5 acres in York with a 150m<sup>2</sup> shed fully equipped to suit my lifestyle and am negotiating an industrial block in another location on which the shed could be built as a retirement investment should the shed not stay in Quairading.

I am in the process of speaking to adjoining neighbours regarding their views or objections to the construction, as now they can see the full size profile of the shed and assess any negative impact (if any).

I look forward to your instruction.

Yours faithfully,

Les Eather

#### Comment

The April Credit Card (Payments within the month of March) was skipped during the May Meeting and has therefore been presented to Council. The Credit Card statement due for the current meeting was the Payments from May and paid in June, however as these was presented to the June Meeting, these have been removed from the Agenda. The next Credit Card statement that will be presented to the August Meeting will be the June Payments, direct debited from the Shire Municipal Bank Account in July.

Important notice regarding Autopay Direct Debit Arrangement- Direct Debit

\* If you have set up a direct debit arrangement for making automatic repayments to your BusinessChoice credit card account, and there have been two failed direct debit transactions (that is, we cannot withdraw the nominated amount from your nominated account) in consecutive months due to insufficient funds in the nominated account, we may, at our sole discretion:

- Cancel your BusinessChoice Facility Autopay Request Form- Direct Debit Request (New change)
   Impose a fee or charge (No change- We currently charge a \$9 missed payment fee when payment
- is not received by statement due date)
- 3. Charge interest on any unpaid purchases outstanding (No change)

If your Direct Debit Request is cancelled, you must arrange to either set up a new Autopay Request Form- Direct Debit Request or use alternative payment methods so we can process your payment. Please ensure that there are sufficient funds available in the nominated account to allow direct debit payments to be made in

accordance with your BusinessChoice Facility Autopay Request Form- Direct Debit Request.

Please remember any payments made into the Billing account that places the Billing Account into credit or results in a zero balance at the payment due date, your direct debit will still continue to take place. This also applies if you make an additional payment into the Billing Account that is only a partial payment and still leaves a debit balance on the Billing Account, your direct debit arrangement for the month will remain unchanged and continue to take place.

#### OFFICER RECOMMENDATION

MOVED Cr SECONDED Cr	
That Council receive the Monthly Financial Statements for the period ending 30 <sup>th</sup> June	2020.
	CARRIED/

# **VOTING REQUIREMENTS** – Simple Majority

#### **IN BRIEF**

- Monthly Financial Statements for the period ending 30<sup>th</sup> June 2020 attached.
- Monthly Financial Statements have been updated based on the Moore Stephens Monthly Statements Model.
- The Monthly Financial Statements report include the Fund Balances Report and the Variance Report.

#### **MATTER FOR CONSIDERATION**

To receive the monthly Financial Report and Statements

#### **BACKGROUND**

Council resolved in October 2000 (Minute Number 071-00/01) to receive Financial Statements in the required statutory format. Requests for new Monthly Financial Statements started a search for a new template. The current template is based on the Moore Stephens Monthly Budget Template.

#### STATUTORY ENVIRONMENT

Amendments to the regulations, gazetted on the 31st March 2005 and effective from the 1st July 2005, have repealed the existing regulations (34 and 35) relating to monthly and quarterly / triannual financial reports.

They have been substituted in accordance with a new Regulation 34. This new regulation only requires Local Governments to report on a monthly basis, although it is much more prescriptive as to what is required and its intention is to establish a minimum standard across the industry.

The new regulations require Local Government to prepare each month a statement of financial activity as per attachment. This statement is intended to report on the sources and application of funds highlighting variances to budget for the month in question.

#### **POLICY IMPLICATIONS**

Nil

#### **FINANCIAL IMPLICATIONS**

The Model Monthly Financial Statements cost \$430 (2018/19) and will be an ongoing annual expense if the latest model is needed. Staff time is used to update and customise the template for Council preferences.

## STRATEGIC IMPLICATIONS - Strategic Community Plan 2017 - 2027

Governance Objective: Strong governance and community engagement

ITEM	OUTCOMES AND STRATEGIES
G1	Robust Integrated Planning and Reporting (IPR)
G1.1	Continual improvement in IPR, transparency and accountability

#### **COMMUNITY CONSULTATION**

Nil

# RISK ASSESSMENT - Risk Management Policy and Risk Management Governance Framework Applicable.

Financial - Risk Matrix Rating considered Low - Comprehensive Monthly Financial Reports in accordance with the Local Government's Financial Regulation 34.

Health - Risk Matrix Rating considered Low.

Reputation - Risk Matrix Rating considered Low.

Operation - Risk Matrix Rating considered Low - Level verified through Council Financial Audits.

Natural Environment - Risk Matrix Rating considered Low.

#### **COMMENT**

The Monthly Financial Statements have been updated based on the Moore Stephens Monthly Reporting Template. They now also include the Fund Balances Report and the Variation Report which were previously separate items.

The Model Template has been updated to include profit and loss statements for the Childcare Centre and Caravan Park. The Statements can continue to be updated and customised to include relevant information for Council and Staff and to work with improved Management Accounting practices.

### **INFORMATION**

### **PREPARATION TIMING AND REVIEW**

Date prepared: All known transactions up to 23th July 2020 Prepared by: Executive Manager of Corporate Services Reviewed by: Chief Executive Officer

### **BASIS OF PREPARATION**

### **REPORT PURPOSE**

This report is prepared to meet the requirements of Local Government (Financial Management) Regulations 1996, Regulation 34. Note: The Statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

### **BASIS OF ACCOUNTING**

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

### THE LOCAL GOVERNMENT REPORTING ENTITY

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

### **SIGNIFICANT ACCOUNTING POLICES**

### **GOODS AND SERVICES TAX**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

### **CRITICAL ACCOUNTING ESTIMATES**

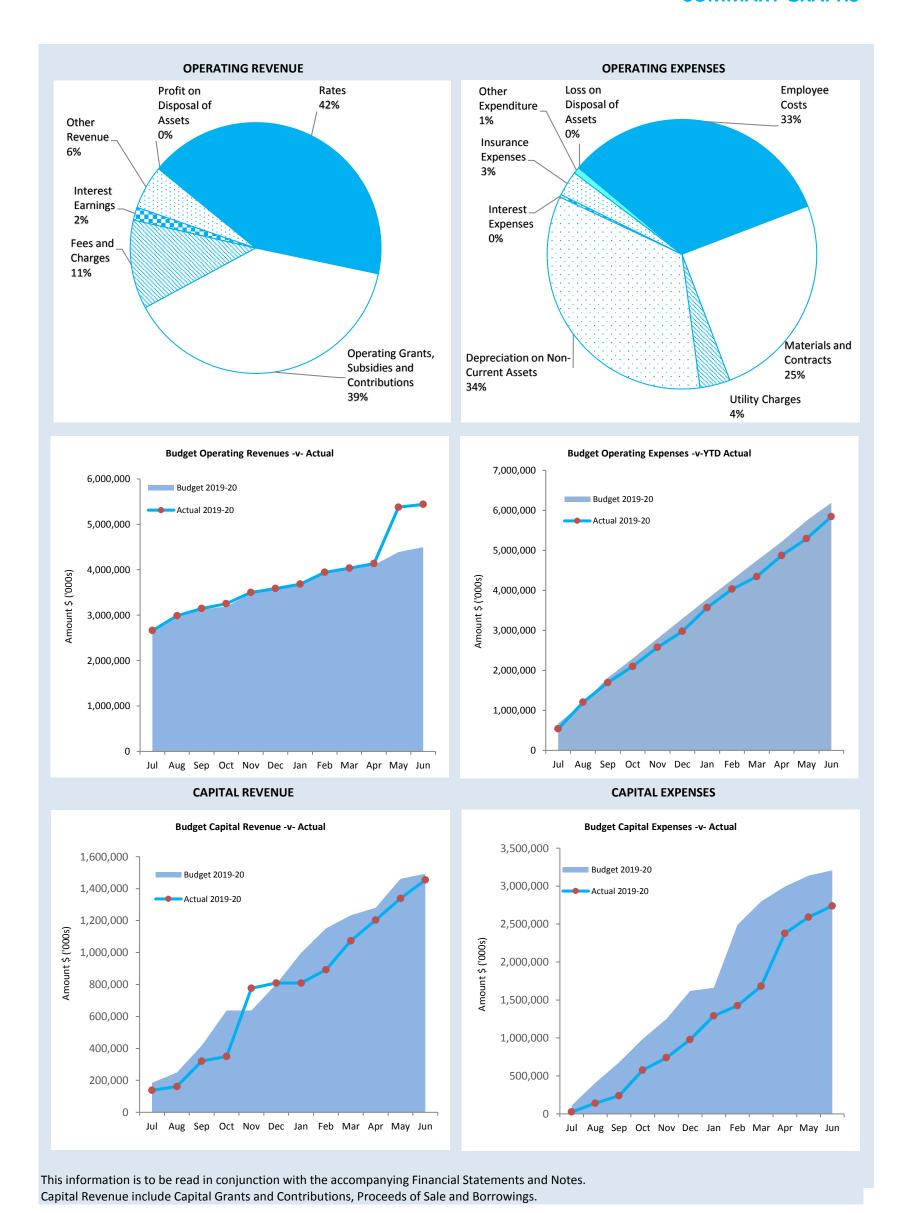

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

This statement is to be read in conjunction with the accompanying Financial Statements and Notes.

# NOTE 1(a) **NET CURRENT ASSETS**

### **SIGNIFICANT ACCOUNTING POLICIES**

### **CURRENT AND NON-CURRENT CLASSIFICATION**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

### **EMPLOYEE BENEFITS**

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs. (ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

### **PROVISIONS**

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

### **INVENTORIES**

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

### SIGNIFICANT ACCOUNTING POLICIES

**Capital Funding Total** 

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

### STATUTORY ENVIRONMENT

Local Government Act 1995

### 6.2. Local government to prepare annual budget

- (1) During the period from 1 June in a financial year to 31 August in the next financial year, or such extended time as the Minister allows, each local government is to prepare and adopt\*, in the form and manner prescribed, a budget for its municipal fund for the financial year ending on the 30 June next following that 31 August.
  - \* Absolute majority required.
- (2) In the preparation of the annual budget the local government is to have regard to the contents of the plan for the future of the district made in accordance with section 5.56 and to prepare a detailed estimate for the current year of
  - (a) the expenditure by the local government; and
  - (b) the revenue and income, independent of general rates, of the local government; and
  - (c) the amount required to make up the deficiency, if any, shown by comparing the estimated expenditure with the estimated revenue and income.
- (3) For the purposes of subsections (2)(a) and (b) all expenditure, revenue and income of the local government is to be taken into account unless otherwise prescribed.
- (4) The annual budget is to incorporate
  - (a) particulars of the estimated expenditure proposed to be incurred by the local government; and
  - (b) detailed information relating to the rates and service charges which will apply to land within the district including
    - (i) the amount it is estimated will be yielded by the general rate; and
    - (ii) the rate of interest (if any) to be charged by the local government on unpaid rates and service charges;

and

- (c) the fees and charges proposed to be imposed by the local government; and
- (d) the particulars of borrowings and other financial accommodation proposed to be entered into by the local government; and
- (e) details of the amounts to be set aside in, or used from, reserve accounts and of the purpose for which they are to be set aside or used; and
- (f) particulars of proposed land transactions and trading undertakings (as those terms are defined in and for the purpose of section 3.59) of the local government; and
- (g) such other matters as are prescribed.
- (5) Regulations may provide for -
  - (a) the form of the annual budget; and
  - (b) the contents of the annual budget; and
  - (c) the information to be contained in or to accompany the annual budget.

In regard to the setting of Council Rates, Section 6.32 states: -

### 6.32 Rates and Service charges

When adopted the annual budget, a local government -

in order to make up the budget deficiency, is to impose\* a general rate on rateable land within its district, which rate may be imposed either –

- uniformly; or
- differentially;

may impose\* on rateable land within its district -

- a specified area rate; or
- a minimum payment;

and

may impose\* a service charge on land within its district.

\* Absolute majority required.

When a local government resolves to impose a rate it is required to -

- set a rate which is expressed as a rate in the dollar of the gross rental value of rateable land within its district to be rated on gross rental value;
- set a rate which is expressed as a rate in the dollar of the unimproved value of rateable within its district to be rated on unimproved value

the unimproved value of rateable within its district to be rated on unimproved value.

# RISK ASSESSMENT - Risk Management Policy and Risk Management Governance Framework Applicable.

Financial - Low Risk. The budget outlines the expenditure and income for the 2020/21 Financial Year and has been developed following multiple workshops with Staff and Councillors.

Health - Low Risk

Reputation – Low Risk. All projected Expenditure & Income have been included in both the project and operational budgets.

Operation - Low Risk

Natural Environment - Low Risk.

### **COMMENT**

Following Workshop Two an additional \$150,000 figure was allocated to Reserves being the following:

- \$75,000 Rec Centre Multi-Purpose Precinct
- \$75,000 Independent Living

This was due to the surplus figure being on the high end of what was presented at the second Budget Workshop.

The actual Income and Expenditure used in the 2019/20 Budget are a snapshot as at the 30<sup>th</sup> June 2020 and may change once the Annual Financial Statements have been audited.

# SHIRE OF QUAIRADING FOR THE YEAR ENDED 30 JUNE 2021

### **BASIS OF PREPARATION**

The budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations. The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this budget. This is not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

Accounting policies which have been adopted in the preparation of this budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Quairading controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to the budget.

### 2019/20 ACTUAL BALANCES

Balances shown in this budget as 2019/20 Actual are estimates as forecast at the time of budget preparation and are subject to final adjustments.

### **CHANGE IN ACCOUNTING POLICIES**

On the 1 July 2020 the following new accounting policies are to be adopted and may impact the preparation of the budget:

AASB 1059 Service Concession Arrangements: Grantors

AASB 2018-7 Amendments to Australian Accounting Standards - Materiality

AASB 1059 is not expected to impact the annual budget. Specific impacts of AASB 2018-7 have not been identified.

### **KEY TERMS AND DEFINITIONS - NATURE OR TYPE**

All land (other than exempt land) in the Shire of Quairading is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Quairading.

The general rates detailed for the 2020/21 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

#### 2 (b). NET CURRENT ASSETS (CONTINUED)

#### SIGNIFICANT ACCOUNTING POLICIES

#### **CURRENT AND NON-CURRENT CLASSIFICATION**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Quairading becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

#### **CONTRACT ASSETS**

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

#### PROVISIONS

Provisions are recognised when the Shire has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **INVENTORIES**

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The Shire of Quairading contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Quairading contributes are defined contribution plans.

#### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

#### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

#### **EMPLOYEE BENEFITS**

#### Short-term employee benefits

Provision is made for the Shire of Quairading's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire of Quairading's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Quairading's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

#### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

## CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

#### 3. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

#### SIGNIFICANT ACCOUNTING POLICES

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 2 - Net Current Assets.

#### FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

#### 4. FIXED ASSETS

A detailed breakdown of acquisitions on an individual asset basis can be found in the supplementary information attached to this budget document.

#### SIGNIFICANT ACCOUNTING POLICIES

#### **RECOGNITION OF ASSETS**

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation* 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

30 to 50 years Buildings - non-specialised Buildings - specialised 30 to 50 years Furniture and equipment 4 to 10 years 5 to 15 years Plant and equipment Infrastructure - roads 15 to 120 Years Infrastructure - footpaths 100 to 120 years 30 to 80 years Infrastructure - other Infrastructure - bridges 75 to 85 years

Right of use - plant and equipment Based on the remaining lease

#### **AMORTISATION**

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

#### 6. INFORMATION ON BORROWINGS

#### (a) Borrowing repayments

#### SIGNIFICANT ACCOUNTING POLICIES

#### **BORROWING COSTS**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

#### SIGNIFICANT ACCOUNTING POLICIES

LEASES

At the inception of a contract, the Shire assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability. at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

It is not anticipated the Shire will have any Major Land Transactions 2020/21.

## 14. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

It is not anticipated the Shire will have any Trading Undertakings during 2020/21.

#### 15. INTERESTS IN JOINT ARRANGEMENTS

It is not anticipated the Shire will be party to any joint venture arrangements during 2020/21.

#### SIGNIFICANT ACCOUNTING POLICIES

#### **INTERESTS IN JOINT ARRANGEMENTS**

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire of Quairading's interests in the assets liabilities revenue and expenses of joint operations are included in the respective line items of the financial statements.

## **16. TRUST FUNDS**

## 17. SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

#### **GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### **CRITICAL ACCOUNTING ESTIMATES**

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

#### **COMPARATIVE FIGURES**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

#### **BUDGET COMPARATIVE FIGURES**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

### **VOTING REQUIREMENTS** -Simple Majority

### **IN BRIEF**

- The Western Australian Local Government Association (WALGA) has requested Council to nominate two Voting Delegates and two Proxy Voting Delegates for the 2020 WALGA Annual General Meeting to be held on Friday, 25 September 2020 at Crown Towers Perth.
- Member Local Governments are also invited to submit motions for inclusion on the Agenda for consideration at the WALGA 2020 AGM.

#### **MATTER FOR CONSIDERATION**

Registration of Voting Delegates and the submission of any Motions for the WALGA AGM Agenda.

#### **BACKGROUND**

Due to the cancellation of the WA Local Government Convention and Trade Exhibition, WALGA will be holding a number of events alongside this year's AGM including a breakfast event with special guest speaker, a political forum available to Mayors, Presidents and CEOs and a sundowner at the end of the day's proceedings. A special lunch for WALGA award recipients will also be held by invitation only.

Council has been formally advised that the Nomination of ex-Councillor and Shire President Mr Brian Caporn for a Long and Loyal Service Award has been successful. WALGA has written to Mr Caporn advising of the Award and the Award Luncheon and Ceremony.

The Annual General Meeting of WALGA will be held from 1.30pm on Friday 25<sup>th</sup> September 2020 at Crown Towers.

All Member Local Governments are encouraged to have Voting Delegates attend the Annual General Meeting of the Association.

Attendance at the Annual General Meeting is free of charge to all Member Local Governments and lunch is not provided. Delegates must register their attendance in Advance.

Pursuant to the WALGA Constitution, all Member Councils are entitled to be represented by two Voting Delegates. Voting Delegates may be either Elected Members or serving Officers.

Council is requested to nominate two Voting Delegates to attend the WALGA 2020 Annual General Meeting, along with two Proxy Voting Delegates. Only registered delegates or registered proxy delegates will be permitted to exercise voting entitlements on behalf of the Member Council.

Voting Delegates and Proxy Voting Delegates must be appropriately registered with WALGA by Friday, 28<sup>th</sup> August 2020.

Council's WALGA/CCZ Delegates are: -

Voting Delegate 1, Cr Brett McGuinness (Current Chairperson of CCZ)

Voting Delegate 2, Deputy Shire President, Cr Jo Haythornthwaite

Proxy 1, Shire President, Cr Wayne Davies

Proxy 2, Chief Executive Officer, Mr Graeme Fardon.

Council's nomination of Voting Delegates will be dependent upon individual Elected Members availability to attend the AGM.

Council has not specifically listed any Matters during the past Year to be developed into Motions for the Annual General Meeting.

#### STATUTORY ENVIRONMENT

Clause 24 of the WALGA Constitution details 'Representation and Voting at General Meetings'. This includes voting entitlements at the AGM.

Section 5.98 (2) of the Local Government Act 1995 provides for the payment of reimbursement of costs for Council Members.

Expenses that may be approved for reimbursement are covered under r.32 of the Local Government (Administration) Regulations 1996.

#### **POLICY IMPLICATIONS**

Council's Policy ORG.7 Attendance at Events Policy Section 1 and Section 3: -

- 1.3 A list of events and attendees authorised by the local government in advance of the event is at Annexure A Pre-Approved Events
- 3.1 Where an invitation or ticket to an event is provided free of charge, the local government may contribute to appropriate expenses for attendance, such as travel and accommodation, for events outside the district if the Council determines attendance to be of public value.

#### **FINANCIAL IMPLICATIONS**

Nil - Council provides a Budget Allowance for Elected Members attendance at Conferences and Training.

WALGA advises that there is no Cost to attend the Annual General Meeting and the Political Forum. There may be costs associated with the other Events / Functions being conducted on the same day as the AGM.

# 2020 Local Government Convention General Information

#### **WALGA Annual General Meeting**

The Annual General Meeting for the Western Australian Local Government Association will be held from 1:30pm on Friday 25 September 2020. This event should be attended by delegates from all Member Local Governments.

#### **Cost for attending the Annual General Meeting**

Attendance at the Annual General Meeting is **free of charge** to all Member Local Governments; lunch is not provided. Delegates must register their attendance in advance.

#### **Submission of Motions**

Member Local Governments are invited to submit motions for inclusion on the Agenda for consideration at the 2020 Annual General Meeting. Motions should be submitted <u>in writing</u> to the Chief Executive Officer of WALGA.

The closing date for submission of motions is 5:00pm Friday, 31 July.

Please note that any motions proposing alterations or amendments to the Constitution of the WALGA must be received by 5:00pm Friday, 17 July 2020 in order to satisfy the 60 day constitutional notification requirements.

The following guidelines should be followed by Members in the formulation of motions:

- Motions should focus on policy matters rather than issues which could be dealt with by the WALGA State Council with minimal delay.
- Due regard should be given to the relevance of the motion to the total membership and to Local Government in general. Some motions are of a localised or regional interest and might be better handled through other forums.
- Due regard should be given to the timeliness of the motion will it still be relevant come
  the Local Government Convention or would it be better handled immediately by the
  Association?
- The likely political impact of the motion should be carefully considered.
- Due regard should be given to the educational value to Members i.e. does awareness need to be raised on the particular matter?
- The potential media interest of the subject matter should be considered.
- Annual General Meeting motions submitted by Member Local Governments must be accompanied by fully researched and documented supporting comment.

#### **Criteria for Motions**

As per the Corporate Governance Charter, prior to the finalisation of the agenda, the WALGA President and Chief Executive Officer will determine whether motions abide by the following criteria:

Motions will be included in the Business Paper agenda where they:

- 1. Are consistent with the objects of the Association (refer to clause 3 of the constitution);
- 2. Demonstrate that the issue/s raised will concern or are likely to concern a substantial number of Local Governments in WA.;
- 3. Seek to advance the Local Government policy agenda of the Association and/or improve governance of the Association;
- 4. Have a lawful purpose (a motion does not have a lawful purpose if its implementation would require or encourage non-compliance with prevailing laws);
- 5. Are clearly worded and unambiguous in nature;

Motions will not be included where they are:

6. Consistent with current Association advocacy/policy positions. (As the matter has previously considered and endorsed by the Association).

Motions of similar objective:

7. Will be consolidated as a single item.

Submitters of motions will be advised of the determinations.

Enquiries relating to the preparation or submission of motions should be directed to Margaret Degebrodt, Executive Officer Governance on (08) 9213 2036 or via email mdegebrodt@walga.asn.au.

#### **Emergency Motions**

No motion shall be accepted for debate at the Annual General Meeting after the closing date unless the Association President determines that it is of an urgent nature, sufficient to warrant immediate debate, and delegates resolve accordingly at the meeting. Please refer to the AGM Standing Orders for details.

								CARRIED/	

#### **VOTING REQUIREMENTS** -Simple Majority

#### **IN BRIEF**

- The seven (7) member Local Government Authorities of the Roe Tourism Association are working collaboratively on Tourism Development and Promotion in the Central Wheatbelt and in particular, on the "Pathway to Wave Rock".
- The purpose of the Memorandum of Understanding (MoU) is to establish a Membership and Financial contribution and commitment from the current seven (7) Member Councils that form the Roe Tourism Association.
- All Member Councils have been requested to place the MoU before the respective Council Meetings in July 2020.

#### **MATTER FOR CONSIDERATION**

Support for the Roe Tourism Association Tourism MoU for the period 1st July 2020 to 30th June 2023.

#### **BACKGROUND**

"Originally formed in 1998, the purpose of Roe Tourism is to work with the community and local business to promote the 'Pathways to Wave Rock' Self-Drive Trail and encourage visitors to come and see the many extraordinary and unique experiences which the region has to offer."

The Roe Tourism Association Inc was incorporated on the 16<sup>th</sup> January 2001.

At its Ordinary Council Meeting held on the 26<sup>th</sup> September 2019, Council resolved the following: -

"RESOLUTION: 46-19/20

1. That Council apply for Council Membership of the Roe Tourism Association for the 2019/2020 Year;

2. Subject to the Outcome of Council's Application, a budget allocation of \$5,000 is to be made for the membership of the Roe Tourism Association to be funded from the Council's opening surplus.

CARRIED BY ABSOLUTE MAJORITY 7/0"

Roe Tourism Association is a collaborative, non-for-profit partnership between 7-member Local Government Authorities, being the Shires of Bruce Rock, Corrigin, Kondinin, Kulin, Lake Grace, Narembeen and Quairading.

At the October 2019 General Meeting the Committee discussed and supported establishing and entering into a MoU with Member Shires to future-proof and provide a formal commitment to the Association. It was suggested the MoU timeframe could align with the RTA Forward Direction 2019-2021, or be considered for a longer period. The Executive Officer sent sample RTA MoU, with a copy of the Constitution to member Shire CEO's for review and request for any comments prior to the RTA Meeting on the 24<sup>th</sup> February 2020.

Following the February 2020 Meeting, the final draft of the RTA MoU was forwarded to member Shire CEO's with an established timeframe of a 3-year period, commencing 1st July 2020 to 30th June 2023.

#### OUR VISION:

To market the Roe Tourism region locally, nationally and worldwide.

#### OUR MISSION:

For the communities of Roe Tourism to be well recognised as a self drive route with accompanying natural attractions and experiences within Australia's Golden Outback.

#### OUR PRIMARY PURPOSE:

Roe Tourism's primary purpose is to **market and promote** the Pathways to Wave Rock self drive route and the tourism assets in the Roe Tourism area.

#### WHO ARE WE

Roe Tourism is the representative body for collective marketing in the Shires of Bruce Rock, Narembeen, Kondinin, Kulin, Lake Grace and Corrigin.

## FORWARD DIRECTIONS 2019-2021

#### STRATEGIC OBJECTIVES

- 1. Consistent branding and messaging about our tourism assets
  - a) With members develop our key storylines around existing tourism assets and community facilities.
  - b) Develop a marketing plan which outlines target markets, communications and resource allocation. Marketing plan should also include increasing awareness of local businesses (services, opening times etc) and community facilities. It should also clearly identify no cost, collaborative and full user pay options.
  - c) With stakeholders obtain funding for brand development and marketing expertise.
  - d) Implement our story lines and branding across all our platforms and marketing collateral. Improve Roe Tourism signage across member Local Governments.
  - e) Collateral is available to our members, stakeholders as well as businesses in the Roe district.

#### 2. Data collection for decision making and marketing

- a) Begin to collect visitor data across the district.
- b) Data informs our members, stakeholders and RTO so that they understand our needs and tourism trends.

#### 3. Partnerships

- a) Communicate the benefit of membership to member Councils, CRCs and businesses.
- b) Work with local tourism groups, Visitor Centres and CRC's along Pathways to Wave Rock to improve visitor servicing and consistent marketing.
- c) Form relevant destination marketing partnerships with other Local Government Areas and Associations (locally, regionally, state wide).

#### LONG TERM OBJECTIVES

- 1. Marketing and promotion of the Pathways to Wave Rock and associated tourism assets of each of the Roe Tourism communities locally, state wide, nationally and internationally.
- 2. Locals and businesses are promoters of Pathways to Wave Rock and local tourism assets.

#### 10.3 Quairading Agricultural Society - Community Grant Variation

#### OFFICER RECOMMENDATION

That Council support the Quairading Agricultural Society's request to change their 2020/2021 Community Grants Project activity valued at \$3,000 from Tent Hire to Site Preparation for the Asphalting of the Shed.

**VOTING REQUIREMENTS** – Simple Majority

#### **IN BRIEF**

- The Quairading Agricultural Society (QAS) was granted \$3000 by Council to spend on the hiring of Stretch Tents for the 2020 Ag Show to be held on the 12<sup>th</sup> of October 2020.
- The QAS recently announced that due to the Covid-19 Pandemic, the 2020 Ag Show has been officially postponed until October 2021.
- QAS was successful in obtaining \$71,810.00 through the Federal Government's Regional Agricultural Show Development Grants Program to provide sealed flooring for the covered entertainment space (the Ag Shed) at the Quairading Agricultural Showgrounds and Greater Sports Ground, purchase dome shelters, purpose built trailer to store and transport the shelters, purchase portable light towers, a mobile cool room, and portable tiered seating.
- QAS is required to provide an in-kind contribution, which includes preparing the Ag Society Shed floor to be sealed with asphalt. Their preferred supplier has quoted \$2,500-\$3,000 for this work.
- It is now proposed for the \$3,000 granted under the 2020/21 Shire Community Grants to be spent on the preparation of the Ag Shed floor instead of the original purpose of the hire of stretch tents.

#### **MATTER FOR CONSIDERATION**

To approve the change of purpose of the 2020/21 Shire Community Grants towards the QAS's in-kind contribution to the Regional Agricultural Show Development Grants Program for the preparation of the Ag Society Shed floor to be sealed with asphalt.

#### **BACKGROUND**

Round 1 of the Community Grant Program was opened on 7<sup>th</sup> January 2020 with Policy and Grant Application forms forwarded via Mail Chimp to all Sporting and Recreation Clubs.

Follow-up promotion of the Grants Program was circulated on the Shire's Facebook page on a weekly basis.

Closing date for the submission of applications for grant funding was on 31st March 2020.

Four categories of Grant Funding were promoted:

• Grant 1 - up to \$500 per annum - in-kind contributions from Council.

- Grant 2 Minor Projects \$500 to \$2,500.
- Grant 3 Major Projects over \$2,500.
- Grant 4 Annual / Recurrent Funding.

A total of eight applications was received to the value \$21,150.00.

Grant Type	Number	Amount
1	0	\$0.00
2	2	\$1,650.00
3	1	\$3,000.00
4	5	\$16,500.00
Grand Total	8	\$21,150.00

The Quairading Agricultural Society were successful in the Grant 3 Category.

Grant 1 (in-Kind) funding will be open throughout the year and Approved by the CEO (sole discretion)
